# Eaton Offers Connected Surge Protection With New Power Xpert SPD

Eaton today announced the Power Xpert® SPD, the latest addition to its family of surge protective devices, leveraging advanced connectivity to help protect critical equipment from potentially devastating surge events. Offering advanced monitoring display and communication capabilities in addition to historical surge logging, the Power Xpert SPD is the ideal solution for industrial environments where downtime caused by surge events is unthinkable.

The Power Xpert SPD enables customers to capture and categorize surge events by low, medium and high categories according to IEEE standard C62.41. The connected solution enables customers to remotely monitor surge data in real time or store events in a log with time and date stamps they can use to predict future surge events or enact proactive maintenance of critical equipment. The sophisticated device is also designed to ensure the highest level of cybersecurity available to protect against potentially devastating cyberattacks.

To learn more about the Power Xpert SPD, visit [www.eaton.com/PXSPD](http://www.eaton.com/PXSPD) •

## Unitrex XS™ Max Wear. Unmatched performance in the field and in the boardroom.

Electric line stringing is easier and more economical with Unitrex™. Made with a core of Honeywell Spectra®, it is up to 10 times lighter than steel, while delivering comparable strength. The urethane-coated polyester jacket provides excellent abrasion resistance for great productivity that lasts.

*JLG and Oshkosh partner with Microvast on development of battery technologies*

JLG Industries, Inc., an Oshkosh Corporation company [NYSE:OSK] and leading global manufacturer of mobile elevating work platforms (MEWPs) and telehandlers, is pleased to announce a planned investment by parent company Oshkosh Corporation in Microvast, a global provider of next-generation battery technologies for commercial and specialty electric vehicles. This new partnership, in combination with the company's existing electrification supply chain partners, will continue to strengthen and advance the development of industry-leading electrified solutions across the JLG® product line, including boom lifts, scissor lifts, low-level access lifts, vertical access lifts, stock and order picker lifts, towable lifts

# New Partnership to Strengthen JLG Electrification Capabilities

and telehandlers.

According to Frank Nerenhausen, Oshkosh Executive Vice President and President of JLG Industries, this relationship enhances the Company's product development and technology roadmap. "JLG is focused on electrification and the delivery of sustainable technologies that are environmentally friendly without a compromise to performance. We believe advancing battery technology is crucial to striking this balance."

JLG has been at the forefront of the industry's movement toward electrification, having offered electric products since the mid-1990s when the Company launched its first electric boom lift. Recent electric product introductions include the

# WE HAVE THE ROPE TO GET THE JOB DONE.

800-358-7673

[www.bucrope.com](http://www.bucrope.com)

industry's first all-electric scissor lift — the AE 1932 DaVinci™ model. "Our new DaVinci all-electric lift represents the future of electrification — every component is optimized to deliver premium performance and value to the customer," says Nerenhausen.

"Our strategic investment in Microvast is an excellent addition to Oshkosh's electrification focus and established partnerships," said John C. Pfeifer, Oshkosh Corporation President and Chief Operating Officer. "These partnerships, combined with Oshkosh's highly-capable product development team, support our expanding leadership with technology-enabled products across the markets we serve."

Oshkosh agreed to make a \$25 million private investment in public equity, or PIPE, in Microvast, who announced a merger with Tuscan Holdings Corp. on February 1, 2021. Oshkosh and Microvast also entered into a joint development agreement highlighting future battery collaboration and integration. To learn more about Oshkosh's core innovation areas, visit [www.oshkoshcorp.com/brands-innovations](http://www.oshkoshcorp.com/brands-innovations).

# Platinum Tools Announces TPS200C Pocket-Sized PoE++ Tester

*At Only 2.5in. Square and Weighing Just Two Ounces, the Easy-to-Use TPS200C Has Been Designed for all Varieties of PoE Up to 56 Volts and 280 Watts of Power, Requires No Batteries, and Can be Used Inline or by Itself*

Platinum Tools® (www.platinumtools.com), the leader in solutions for the preparation, installation, hand termination, and testing of wire and cable, is proud to announce the launch of its new pocket-sized PoE++ tester. Now available, the TPS200C has an MSRP of \$89.00.

“The easy-to-use TPS200C has been designed for all varieties of PoE...up to 56 volts and 280 watts of power,” explained Sean Roethermel, Platinum Tools product manager. “Powered by the PoE circuit, the TPS200C requires no batteries and can be used inline with an actual PoE device to measure current flow, or by itself in Powered Device (PD) Simulation mode to determine the maximum power available from the PoE power source.”

Additional features include:

- Tests up to 4-pair PoE (IEEE 802.3bt Type 3)
- Easy-to-read, bright, scrolling OLED display
- Test PoE on active data cables without interrupting data flow
- Automatic mode and polarity detection
- Tester features dual RJ45 ports for testing PoE and dual 2.1x5.5mm DC jacks for testing DC power supplies
- Includes 2.1x5.5mm DC patch cable
- Dimensions: 2.50in. square x 1.00in. thick (63.5 x 63.5 x 25.4mm)
- Weight: 2oz. (55g)

For additional pricing and more information on Platinum Tools and its complete product line, please visit [www.platinumtools.com](http://www.platinumtools.com), call (800) 749-5783, or email [info@platinumtools.com](mailto:info@platinumtools.com).

## *About Platinum Tools*

*Platinum Tools LLC, an NSI Industries company, was created based upon two very simple objectives. First, develop the absolute best possible solutions for the preparation, installation, and hand termination of wire and cable. Second, implement an operational infrastructure that can deliver these products in an efficient, timely, and high quality manner.*

*All of our products must absolutely satisfy three critical benchmark criteria...utility of function; quality of function; and economic value. Our people are our company. They, too, must be focused on and work to satisfy three critical benchmark criteria...customer satisfaction; product knowledge and expertise; and willingness to learn and adapt.*

## VMP's Low Profile Switch & Server Depth Vertical Wall Cabinets Ideal for Cramped Locations

*After a Tremendously Successful Launch, the New ERVWC Series is Now Stocked Once Again; the 5U Configuration, Rugged Enclosures are Designed to Securely Mount EIA Standard Rack Mount Equipment and are Made of Pre-Assembled Heavy-Duty Steel*

Video Mount Products ([videomount.com](http://videomount.com)), a leading provider of mounting solutions for the security, commercial, CI, residential, and pro audio/video markets, is proud to announce its two new low profile ERVWC Series vertical wall cabinets are now back in stock and ready to ship once again.

Ideal to position nearly anywhere floor space is limited, the "Switch Depth" (p/n ERVWC-5U20) has an MSRP of \$499.00, and the "Server Depth" (p/n ERVWC-5U36) has an MSRP of \$699.00.

"Our customers love these new wall cabinets since they are the ideal solutions to work in very tight and cramped conditions," said Keith Fulmer, president of Video Mount Products. "We worked quickly through our initial production rollout after the product launch due to its immense popularity. We are happy to report that the ERVWC Series vertical wall cabinets are back to our preferred stocking levels and we look forward to a successful 're-launch' of this great space and time saving solution."

Available in a 5U configuration in both switch depth and server depth, VMP's new low profile enclosures are designed to securely mount EIA standard rack mount equipment and are made of pre-assembled heavy-duty steel. These ready-to-mount enclosures feature locks on the front door and mounting rails are reversible and feature threaded screw hole options for both 12-24 and 6mm mounting preferences, making them ideal to position anywhere floor space is limited. The ERVWC-5U20 (28.8in. H x 25.6in. W x 9.75in. D) and ERVWC-5U36 (42.75in. H x 25.6in. W x 9.75in. D) both have sturdy 150 lb. weight capacities.

## Check out features that are out of this world! SYLVANIA ValueLED™ UFO High Bay

An environmentally preferable alternative to traditional luminaires and offering up to 78% energy savings, the ValueLED UFO High Bay is ideal for illuminating warehouses, gymnasiums, and other industrial applications.

[SYLVANIA.COM](http://SYLVANIA.COM)

"These two enclosures have been designed to securely mount EIA standard rack equipment in an out of the way place such as a back office, closet, retail location, or anywhere that has limited floor space and needs a clean and organized way to secure equipment in a location that is accessible by many," Fulmer explained. "The ERVWC-5U20 and ERVWC-5U36 have a low profile due to their vertical mounting configuration and feature cable management punch outs, ventilation, and a dedicated location for mounting of a patch panel in addition to the available rack units.

VMP recently celebrated its 25th year as a leading provider of mounting solutions for the A/V, communication, and security industries.

For more information, please visit [www.videomount.com](http://www.videomount.com) or call toll free 877-281-2169. If you need help choosing the right mount for your application, try the VideoMount™-Finder at [www.chooseamount.com](http://www.chooseamount.com).

*About Video Mount Products*

Video Mount Products (VMP) is a leading provider of mounting solutions for the A/V, communication and security industries since 1994. VMP products consistently offer the latest designs in safety and flexibility, all at an outstanding value. VMP's product offering continues to grow by adding mounting systems to address growing segments across many markets.

VMP has become the mounting systems company of choice for professionals and their customers everywhere. All products have been engineered for and installed with confidence in thousands of residences, businesses, hotels, restaurants, schools, hospitals, houses of worship and security applications throughout the world. VMP prides itself on providing the best products in the industry and by supporting those products with knowledgeable professionals who understand that "support" is the core of our business.
